Flag Race Pattern

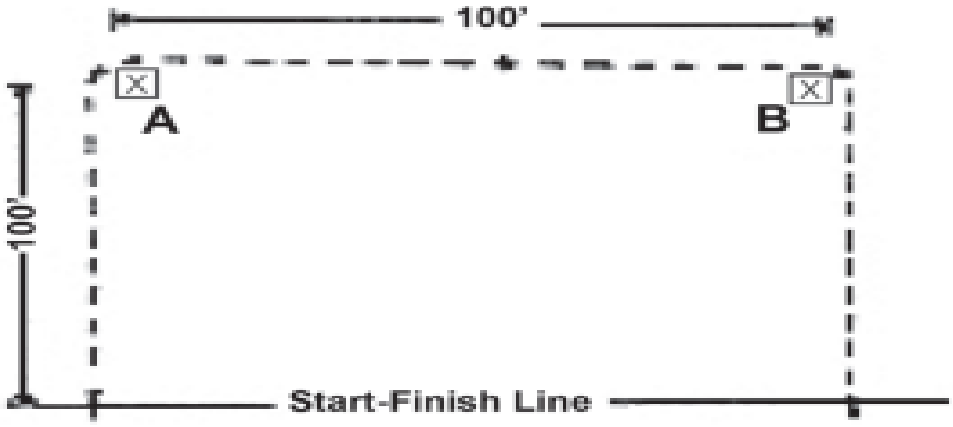
Can do either direction first

Option C not available for this show

Flag Race

248. Option 1 – Two containers (preferably 55-gallon drums), will be placed 100 feet apart, if arena permits, and 100 feet from the start-finish line. A 5-gallon bucket filled with appropriate material should be placed on top of each drum.

A. The rider starts with one flag in hand and deposits it in container A, proceeds to container B, removes the flag from container B and rides to the finish line.

B. OR, the rider starts with flag in one hand and places the flag in container B and removes the flag from container A and proceeds to the finish line.


C. Another version: A rider starts without flag, picks up flag at first barrel and deposits flag in bucket on second barrel and proceeds across finish line.
