

2025 Shooting Sports Practice Schedule

Before you can shoot for ANY discipline, you must attend an annual safety class given by a 4-H certified instructor per discipline. Following the safety class, a 2025 4-H shooting card will then be provided with the instructor's signature & date. Then you must complete the card with 5 safe shooting practices with signatures/dated from a Boulder County certified 4-H shooting instructor per discipline before the BCF shoot in July, AND must show proof that you completed the CO Hunter Safety Course (copy of Hunters Safety Card needs to be on file online)

*See how to acquire a Hunter Education Card.

Only shooters who have completed a 2025 Safety Class from a certified 4-H SS leader may participate in the 4-H shooting practices. Practice dates will be scheduled and posted. Club practices are encouraged to be posted as well.

All shooters, and leaders, attending practices should sign in and out on an attendance for each practice. For all Archery, Air & 22 disciplines once you've completed a county-wide 2025 Safety Class (per discipline), a Sign-Up-Genius or equivalent sign-up will arrive to you through email for each practice date for all county wide practices.
