BOULDER COUNTY FAIR BREEDING AND COMPANION RABBIT TATTOO REQUIREMENTS:

All breeding/show rabbits must be legibly tattooed in the left ear. Each rabbit must have a unique tattoo within your family/member owner. For the security and safety, all animals are required to have permanent identification in place to participate in the Boulder County Fair. Permanent Identification may be a tattoo, tag, ear notches, pictures of animals with unique identifiable markings, etc. Tattoos are an ideal permanent Identification for rabbits and can be received on either of the above Rabbit Tattoo Days or you can get tattooed on your own. (Companion Rabbits may have a sharpie marker legible number in ear as a temporary identification at fair)

**** There are NO make-up dates for Market Animal Nominations for County Fair. Plan to have another family bring your animals if you are not available.*
